## TERMS AND CONDITIONS OF SALE

**SPECIAL NOTICE**—The prices named in this list cancel all previous lists and are subject to change without notice. All sales and contracts are made subject to crop losses, or through other causes over which we have no control.

**PRICES:** On amounts above 5 and under 10 apply ten rate. On amounts 25 and over apply 100 rate. On amounts 250 and over apply 1000 rate.

**TERMS:** Accounts are due first of second month following date of invoice; 2% discount if paid within ten days from date of invoice. Cash, security or satisfactory reference is required from unknown parties. Orders to be sent C. O. D. should be accompanied by one-fourth cash. Interest charged on past due accounts.

**SHIPPING:** We request customers to give definite shipping instructions regarding manner in which they wish goods shipped. In the absence of special instructions, we use our best judgment, but without assuming responsibility. All shipments travel at the risk and expense of the purchaser.

**EXPRESS SHIPMENTS:** Customers desiring this class of service will be interested to know that the rates on nursery and greenhouse products have been reduced 20 to 25 percent.

**TRUCK DELIVERY:** Freight Trucks leave our Packing Cellar daily, to many points in Illinois, Indiana, Michigan, Wisconsin and Iowa. These trucks make proper connections and transfers for shipments going to further points. Rates for this kind of delivery are on a level with local freight rates and in many cases, for heavy and full loads, lower.

If interested in this kind of delivery please write us in this connection.

**NOTE:** Some of our customers prefer to employ their own trucks for this purpose. This arrangement is very satisfactory. It means a saving to the customer—eliminating handling and packing costs.

If you do prefer to send your own truck, we will appreciate two or three days advance notice—giving us ample time to have your stock ready for loading.

**PACKING:** All cost of packing is additional to prices quoted. Bales will be charged for at actual cost of material and labor used.

**CLAIMS:** For any cause must be made promptly upon receipt of goods. We will not entertain claims after goods have been once accepted, or when report is not made in writing within ten days after arrival of stock.

**INSPECTION and FUMIGATION:** Certificate of inspection is furnished with each shipment, and stock will be fumigated when required.

**GUARANTEE:** We give no warranty, expressed or implied, as to life, description, quality, productiveness, or any other matter of any nursery stock, seeds or plants that we sell. It is mutually agreed that our total liability for any errors, should stock prove untrue to name as labeled, shall be limited, upon satisfactory proof, to our replacing free or refunding purchase price.

All orders are accepted by us upon the mutual agreement between the purchaser and ourselves that we shall not be responsible for other damages.

## WATER LILIES

The lily pool is rapidly becoming a point of interest in the American garden. With its wonderful array of bloom from early spring to late fall, it is hard to imagine a more thoroughly satisfactory garden feature. Pools are easily constructed; and after the lilies are once planted, require little care other than the occasional addition of water to maintain the desired level.
